Customer Reviews

This book has been very helpful to me in studying Spanish-I especially like this book because it is translated into English as well. Even if you're a beginner you will understand it as well.I highly recommend this book to others who are studying this language.

I'm unable to judge the quality of the translations. Many are well-phrased in English, but some that try to replicate rhyme and meter seem a little awkward. Many, many delightful poems, but I was disappointed that Pablo Neruda is not included.

This was purchased for a friend, who was absolutely delighted with the quality of the poems selection and the sheer volume. An excellent purchase

Good representative selections for known poets. Easy to read with translations on the opposite pages. I am enjoying getting to know some poets new to me.
