Chasers Of The Light: Poems From The Typewriter Series

Synopsis

The epic made simple. The miracle in the mundane. One day, while browsing an antique store in Helena, Montana, photographer Tyler Knott Gregson stumbled upon a vintage Remington typewriter for sale. Standing up and using a page from a broken book he was buying for \$2, he typed a poem without thinking, without planning, and without the ability to revise anything. He fell in love. Three years and almost one thousand poems later, Tyler is now known as the creator of the Typewriter Series: a striking collection of poems typed onto found scraps of paper or created via blackout method. Chasers of the Light features some of his most insightful and beautifully worded pieces of work—poems that illuminate grand gestures and small glimpses, poems that celebrate the beauty of a life spent chasing the light.

Customer Reviews

What I have always loved about poetry is its ability to allow another heart to transfuse yours.

Another perspective, of the cracks or canyons, to shift our own landscape. Tyler Knott Gregson's poetry and photography point out the necessity of hope, the beauty that lies in wait: under the bed covers or within the mountains. He reminds us that passion is possible, and to always see with wonder and gentle eyes. Buy this book, and fall into a beautiful world, that shimmers through Tyler's lens and words.

Capturing the tiniest moments and giving them the importance they deserve through words and photographs is Tyler Knott's specialty. What an amazing outlook on life. You will not be

disappointed with this book. His poems will give you hope, smiles, tears, and love.

Just got my pre-ordered copy of Chasers of the Light . . . I am SO moved with emotion. Thank you Thank you Thank you! Tyler Knott Gregson for sharing your gift of capturing so much of life and LOVE and living. Each time I read your work, I feel more passionately connected to what it means to be human, to what it means to live, and . . . to the powerful possibilities to experience and feel DEEPLY. LOVE it! Buying two more copies right NOW to give as gifts!

I have never fallen in love with a book before this one. It is so beautifully written. I'm so happy it's a hard cover because I can already tell it's going to be a worn book, and this is coming from someone who hates to read. Tyler is a wonderful writer and I'm so happy with this purchase. I would recommend it to everyone I know.

I would randomly scroll through my newsfeed on Facebook & would come across a poem written in the style of a type writer. I kept seeing more & more before I found out whom this wonderful writer was. I'm so glad I did bc I'm in love with his work. This book showcases the simplicity of how beautiful poetry can be. This book is full of some of the most moving & sensual, and often times, sexiest poems I've read in a long time. I felt everyone of his emotions on every single page. This is one of the best buys I've made in a long time. I'm so happy to own this.

I bought this book because of all the hoopla and attention around it but frankly I wasn't blown away by his poetry. He's a good writer to be sure. But I've read a lot of very similar themes and metaphors written by tons of writers on Twitter. There were only a handful of poems that were a "4 Star" for me. But most of the poems just didn't stir my soul. And having something stir my soul is the whole reason I read poetry. I think it's great that because his poetry is popular, it brings more attention to poetry in general and modern poets. I just wasn't blown away by his work. Also, I give major minuses to Penguin to put out a book with no page numbers and no Index of all the poems (even if they just #'d them because the poems have no titles). So, if I loved a poem that I wanted to share with someone else who has the book, how will I refer to it? Very unprofessional book publishing in my opinion. I don't think I would recommend this book to a friend unless they were just starting out reading poetry and hadn't been online reading any of the beautiful "unknown" writers on social media. It was a let down for me. I preferred Warsan Shire's poetry, although the price of her book was criminal, considering the page numbers (borrow it if you can).

I believe things come into our lives for a reason. Three years ago, Tyler's poetry came into my life when I needed a sign for hope and courage. Recently divorced I had trouble believing in love. Broken, shattered, and bitter Tyler's words breathed fresh air into my worn out soul. I called my ex and shared his words knowing this would help us heal. Three years later we still find joy sharing Tyler's words and photos. Knowing how thrilled she would be, I purchased this book for her. We read it together. Tyler's poetry has given us courage to believe and to love. Something neither of us thought would be possible after the divorce. We have moved on with our lives and are happier as friends. I hope one day soon she will find love again and that she will get the three things she wants the most on her wedding day. The first, marrying a man that truly loves her, the second, an original Tyler Knott Gregson poem to commemorate the wedding, and lastly to have Tyler capture the first moments of her new life. Tyler, thank you for sharing your words and photos with us. This book of poetry is a must read for everyone. Do yourself a favor and read this book and then go to Tyler's website and read the rest of his poems, haiku's, and black out poetry. Your life will be richer, and fuller.

Sometimes, I read something that makes my heart thaw out and gives me hope for this world. This book fills even the darkest crevasses of my soul. Poetry is not dead, and Tyler Knott Gregson is the master of words that make you feel things you never knew existed. Buy this. Read this. Feel everything.
