Customer Reviews

This is a great map - it's readable. Should be great for anyone over 50. I hope they have a series of these maps - I will buy more.

Big roads are labeled, Most county roads are not, so a road is shown on the map with absolutely no markings as to name or number of road. What's the use?

This map is great. Very clear, easy to read, doesn't start to rip & fall apart. Updated, included all we

wanted to know as we traveled through Michigan.

Very clear and just the right resolutionthe expanded section of Detroit is adequate and clear as well

Nothing special. Exactly what you would expect from a map. came in a clean undamaged box. I have a nav. so my father will be using it.

great map but not detailed for many cities that one would want so check to be sure your favorite city has a zoom feature

Perfect for traveling the state or for adding to your bug out bag.

It's a map, you don't see many hard copies anymore.
