Synopsis

I hope to present the spectrum of meaning contained in the word patriotism. It is deep and broad. I believe that love of country is the foundation of peace in the world, and only when one loves his own country is he capable of loving another's. For me, patriotism began in the family, and it also ends in the family. A nation is a large family. A child needs to learn how to love his family, and then love of his nation will follow. I was lucky. I had parents who loved. Dr. David Yeagley
