All of my other books have answers available in the back of the books. This one, however, does not have any answer key. I am very disappointed that it does not. When a college student studies, they should be able to find the answer in the back of the college book. This book does not contain any answer key which makes it very difficult to know the materials in which one studies.

My teacher loves the book, and me too. It is more educative than other, may examples and easy to understand.

the book is good, only have a few words in the book with pencil.

Very good. Nice and Clean. Thanks!

The book is so old and lousy.
